PLANS FOR STATION

SENT TO PROF. CAMERON FRIDAY FROM STATE STATION.

WORK HAS COMMENCED

On the Experimental Farm, Located North of Normal Grounds—Divided in Five Plots.

Prof. J. E. Cameron of the department of agriculture of the State Normal school received Friday from Prof. Hutchison of the Missouri Agricultural college the plans and complete instructions for the experimental farm. The land just north of the Normal grounds and the Wabash railroad has been leased for this purpose and is already staked off and plowed.

There are five large plots in the north half of the farm. The two east ones will be subdivided and planted in corn. Each of these plots will be treated in a different manner. In some cowpeas will be sown with the corn, in others different commercial fertilizers, such as rock phosphate, potash and bonemeal in different quantities, others will be treated with manure, and the rest will receive no fertilizing, whatever. The middle plot in this north section will be sown with cowpeas. Just west of this will be a field of alfalfa, while the northwest plat will be sown in clover and timothy. the south half of the farm will be divided into five section also. The east section will be sown in clover and timothy. On the north and west side of this section will be a narrow plot sown in soybeans. The next two plots west of the beans will be sown in cowpeas, and the west plot will be planted in corn.

Mr. Douglass, the assistant of Prof. Hutchison, will rarive in Maryville next Tuesday or Wednesday and superintend the work until it is well under way.

The commercial fertilizers are here and ready to use as soon as the ground is in shape.

These experiments will be of great benefit to all of the surrounding country, and the farmers may learn a great deal about the soil in this part of the state. If they will co-operate with the experiment station in watching its progress and profiting by its result their own farms will be increased in value and crop raising facilities.

News of Society and Womens' Clubs

Mothers' Circle Meeting.

The Mothers' Circle meetings are becoming more and more interesting. At Friday's session the mothers found so much to talk about through the addresses made by Mrs. Charles P. Luce and Miss Levy of Maryshall that it was nearly 6 o'clock before they realized that it was near closing time Several new members were taken in, Mrs. Berney Harris, Mrs. Charles P. Luce, Mrs. Rebecca Brink, Mrs. Omar Catterson and Mrs. J. S. Shinabargar. On a motion made by Mrs. Harris it was decided that the Mothers' Circle would give a series of entertainments by the school children of the city, right following the close of our public schools, for the purpose of raising the money for equipping a rest room in the high school building for use in times of sickness or accident, and to start a fund for proper equipment of the play grounds. The devotional exercises were led by the president, Mrs. Eugene Ogden, the scripture lesson being read by Mrs. M. H. Borrusch. The address of Mrs. Luce on settlement work as she saw it in Baltimore a few weeks ago was very comprehensive and brought to all a better view of what is being done by these workers than could be gained in any written article. Mrs Luce visited her daughter, Miss Cornelia Luce, in Baltimore, who has charge of domestic science in the Lawrence settlement house, or, more properly, the neighborhood house. The workers are simply good neighbors to all in that district and visit them in their homes and live the life any good neighbor lives in Maryville or anywhere, only the need is different and far greater. The classes taught at the neighborhood house by the workers meet at various times in the day from 7:30 in the morning to 11 o'clock at night, so one may in a measure see that, as Miss Cornelia told her mother, "it gets pretty monotonous, sometimes, being a living example from morning till night."

Miss Cornelia gives personal attention to the daily life of every one in her classes, physically, mentally and morally, takes them to the Johns Hopkins Medical institute for medical treatment when they need it, which is given to them free, and finds places in the country for them when a change of that kind is best; listens to all their troubles and goes to her couch every night with the assurance that she has been a help to somebody in some definite way. Baltimore is the most un-American city in the country. It has 80,000 Poles alone among its nearly 700,000 inhabitants, and other nationalities are largely represented, the American being in small proportion. The spirit of philanthropy has only seized the city in the last seven years, and is going by leaps and bounds to properly teach and care for its great army of foreign workers, who are largely employed in its hat and clothing establishments, the greatest in the world. The rich Jews of the city are the leading philanthropists.

Miss Level, who is introducing the Draper self-culture books in our city, which will doubtless soon be placed on our city library shelves, talked splendidly to the mothers in regard to their work in connection with that of the school teacher, which will be spoken of later, and we will also tell of the fine discussion that was led by Mrs. J. W. Ray.

Entertained at Hopkins.

Miss Eva Mingus of the Hopkins public school faculty, returned to Maryville Saturday morning for her usual week-end visit with her mother and sister. On Friday night she attended the annual party to the senior class and school faculty that is given by Mrs. Gordon at her country home, one mile and a half north of Hopkins. This year Mrs. Gordon's son, Galen Gordon, is a member of the class. The juniors were also included in Mrs. Gordon's entertainment this year, and they felt real honored because she thought them worthy of notice. The faculty members are Superintendent McKinney, Miss Maud Horton, Miss Ruth Anderson, Miss Mabel Stewart, Miss Lou Hughes, Miss Della Nash, Miss Eva Mingus, Miss Meta McAtee. The members of the senior class, one girl and five boys, are Mildred Clare Wolfers, Glen Jackson, Chester Griffith, Edwin Robb, Galen Gordon and Emmett Miller. Next year's class will have but one boy in a class of several girls, who is Morris Wolfers, the brother of Mildred Clare Wolfers, the only girl in the class of 1911.

With Dean and Mrs. Colbert.

The faculty and senior class of the Northwest Normal will be entertained Monday evening by Dean and Mrs. G. H. Colbert.

At Home at Elks' Club.

Mrs. W. J. Toel and daughter, Miss Brownie Toel, have issued at home cards for Thursday afternoon, May 18, at the Elks' club.

REASONS 'SAINTS TRAIL' SHOULD GO THAT WAY

The people interested in the "Saints Trail" going by the way of the Ridge road, in the east part of the county, held an enthusiastic and interesting meeting last Tuesday at the Harmony church. The following are the reasons why they want the "Saints Trail" to go this way:

The most direct and practical road from St. Joseph to Des Moines.

The most level road.

Road of few turns.

No railroad crossings. Traverses part of the country not reached by railroads.

Situated on high ridge. Good view. Easily drained and will dry quickly.

Fine farms with modern improvements.

The route is free from sand, rock and gumbo.

Brings all the northeast part of the county in touch with Maryville.

No streams to overflow the bridges.

CALDWELL BUYS CAR LOAD OF CATTLE

At the Aberdeen-Angus cattle sale held in Kempton, Ind., on May 9, C. D. and E. F. Caldwell of Burlington Junction purchased a car load of cattle, which were the cream of the offering and topped the sale by the purchase of Undulata Blackcap Ito 2d 116275 at $1,150. The Chicago Daily Farmers and Drovers Journal, in speaking of it, said:

This is the highest price that has been obtained for an Aberdeen-Angus bull at auction for many years, and he was an exceptionally cheap bull at the price, because he was conceded by all the veteran breeders present to be the best bred bull that has been catalogued for sale in recent years. He comprises with his faultless breeding individuality that has not been seen or scarcely approached at any of the auctions for many years.

Mr. Caldwell was very fortunte in securing Undulata Blackcap Ito 2d at the price, because he is in great need of him to use on his well bred cattle. He takes him to his farm at Burlington Junction, which comprises about 3,000 acres, in the heart of the best land of Northern Missouri. The Messrs. Caldwell are the most extensive breeders and cattle feeders in their country, and are close neighbors to the Rankin farms and the extensive cattle feeding establishments near Tarkio, Mo. With this great bull, and the high bred, good individuals they have added to their herd from A. C. Binnie's herd of Iowa, and Wheatley's herd of Indiana, will make their herd the best in Missouri and the southwest, and one of the foremost herds of this country or Canada.

SMITH WON THE SECOND SUIT

(Kansas City Star.)

Woodson Smith of the Woodson Smith Hat company won another victory in Judge Lucas' court yesterday afternoon over the insurance companies which are trying to defeat his suits to collect on the loss he sustained May 30, 1910, when the building at Seventh street and Broadway was destroyed by fire. The loss of the Woodson Smith Hat company, of which Mr. Smith was the principal owner, aggregated $46,000. The insurance companies refused to pay the loss and he sued seventeen of them.

A jury in Judge Lucas' court gave him a verdict for $2,930 yesterday afternoon against the Northwestern National Insurance company, the full amount and interest sued for. Mr. Smith obtained a verdict for $1,800 against the Merchants' Insurance company last week. There are fifteen other suits. The Furgason & Tabb Underwriting company of Kansas City, the representative of all the insurance companies against which the suits were brought, wrote all the insurance.

Probably two more of the cases the Woodson Smith Hat company brought against sixteen insurance companies to collect on losses which occurred May 30, 1910, when the building at Seventh street and Broadway burned, will be tried If the insurance companies lose in the next two cases tried all the others probably will be consolidated and tried together. The insurance campanies still insist that all the cases must be tried, although juries in Judge Lucas' court have decided two cases in Mr. Smith's favor. The case against the Royal Insurance company will go to trial Monday.

U. C. T. LUNCHEON

HELD FRIDAY NIGHT IN THE COMMERCIAL CLUB.

AN ENJOYABLE AFFAIR

Business Men Guests of the Travelers—Good Speeches Were Made by Several.

The luncheon given by the United Commercial Travelers at the Commercial club rooms Friday evening was certainly a success and an enjoyable affair. The business men of the city were the guests of the travelers, and the object of the meeting was to interchange ideas and to get closer together. It was one of the largest affairs that has yet been held in the club rooms.

After luncheon was served by Westfalls, Toastmaster Ed. G. Orear called the meeting to order, after making a nice speech.

Some of the speakers were George L. Wilfley, Rev. W. J. Parvin, Robert Crail, Adolph Lippman, G. B. Roseberry, G. B. Holmes, Charles Stewart of St. Joseph and others.

An invitation was extended to the traveling men who make their home in Maryville to attend the meetings of the Commercial club on the second Tuesday of each month, and to take part in the meeting.

The Commercial club intends to get closer to the traveling salesmen, who are always boosting Maryville.

Before the speech making commenced, flowers were distributed by Wilbur Smith, C. C. Young, John Aley and John Moore to each guest present.

Generally fair tonight and Sunday.

The beginning of eye troubles

Usually come very gradually.
Often for years there are indications that the sight is failing.
It's a great mistage not to heed these first signs.
Those who get glasses at the first indication of something wrong miss a lot of suffering.
But no matter in what shape your eyes are in, there is always relief at our optical department.

SPECIAL ELECTION IN MISSOURI IN AUGUST

A very interesting advertisement is now appearing in the newspapers, announcing the special election to be held on Tuesday, the first day of August, when the voters of every precinct will have a chance to give our glorious, rich and prosperous commonwealth a big boost by casting ballots in favor of an issue of bonds for a magnificent new capitol at Jefferson City.

Even before the old capitol was destroyed by fire last February there was a state wide sentiment in favor of building a new one. Now it is not a choice between an old and a new capitol. A new one must be erected, and the sooner it is assured the better it will be for the state.

If the people approve the proposed bond issue the first day of August the new building will probably be ready for the use of the legislature which is to convene in January, 1913, and for the new state administration to be inaugurated at that time. As the proposition is to be determined at a special election a year in advance of the next general primary election it will not be affected by party politics, but will stand on its merits as a matter of state pride and progress.

The pending proposition is the only one possible to be submitted at a special election. The constitution permits a vote at a special election only upon a debt to meet an emergency, and provides that such a debt may be in the form of bonds to run not longer than thirteen years; and also provides that a sinking fund shall be created, by a special tax levy, to pay the bonds and the interest thereon. Any other proposition for bonds or a debt in any shape for the new capitol must be submitted at a general state election, when politics will get mixed with it and make it a difficult and troublesome matter. It is, therefore, wise to settle this matter next August and thus secure the early erection of a capitol and keep the whole matter out of politics. As a majority of two-thirds of all who vote on the proposition is necessary for its adoption, it behooves every friend of progress and development to advocate a favorable vote and to become thoroughly informed about the pending proposition. It is high time to get busy with this matter in every neighborhood, and to convert every voter who may seem to be opposed to the bond issue. Well informed and loyal citizens, with no ulterior object in view, are not likely to oppose it, but some may be misled or misinformed

MRS. BANTZ'S HAND IS MUCH BETTER

Mrs. John Bantz accidentally ran a needle in the muscle of her left hand near the thumb last Tuesday. The wound did not appear serious until Thursday, when it began swelling so rapidly that it required a physician's lance both Thursday and Friday. Her hand was much better Saturday, and there is every indication that the poison is under control.

George Baker and his sister, Miss Helen Baker of St. Joseph, will be the Sunday guests of Miss Mabel McCrary.

Miss Hattie Freeman and Eldon Irvin will be Sunday guests of Miss Helen Yates of Pattonsburg.

COWHERD AGAIN TO RUN FOR GOVERNOR?

The Kansas City Journal had the following dispatch from Jefferson City in its Saturday issue:

Information reached this city today from an authoritative source that former Congressman W. S. Cowherd of Kansas City has it very strongly in mind to enter the field for the Democratic nomination for governor next year. In this connection it is said that Mr. Cowherd recently made a trip to St. Louis and spent several days interviewing his old political friends and lieutenants in that city and sounding them on his chances for a nomination in the event that he decided to ask for it again.

This makes one avowed candidate for the Democratic gubernatorial nomination next year and four or five who are on the verge of shying their castors into the ring. The avowed candidate is Dave Ball of Pike, and the others are State Treasurer James Cowgill, Attorney General E. W. Major, John M. Barker of Macon county, Senator Arthur L. Oliver of Pemiscot county and Mr. Cowherd.

WOMEN PARADE STREETS

March in New York as Protest Against Denial of Ballot to Their Sex.

New York, May 8.—Grey-haired woman suffrage pioneers, styled "the girls of '61," dimpled, laughing girl babies of 1910, not yet out of their first long dresses, girls and women of all ages between, swept down Fifth avenue from Fifty-seventh street to Union square, in an organized protest against denial of their sex of the ballot. Every avenue through which woman has invaded man's field of endeavor was represented, from sculpture to cab driving. One hundred male supporters joined in the parade.

Four brass bands, dozens of elaborate floats and fluttering pennants by the hundreds, with here and there a banner bearing epigrams, lengthened the line of 2,000 marchers.

When the marchers reached Union square an open air mass meeting was held and addresses were delivered by the leaders.

DICKINSON QUITS WAR PORTFOLIO

President Names Henry L. Stimson as Successor.

RESIGNATION IS A SURPRISE.

Friction Between Secretary of War and Secretary of State Has Been Persistent Rumor—Millington Appointed Assistant Treasurer.

Washington, May 13.—Secretary of War Jacob McGavock Dickinson of Tennessee, the Democratic member of the president's cabinet, has resigned. Henry L. Stimson of New York, recently defeated Republican candidate for governor of that state, has been given the portfolio. This announcement was made from the White House.

In the letters exchanged between the president and Mr. Dickinson, no reason, other than that of pressing private affairs, is given for the secretary's retirement. The president will confer with Mr. Stimson tomorrow, but the new secretary of war will not be sworn in until the return of the president to the capital on Monday.

Mr. Dickinson will go to his Tennessee home immediately upon the qualification of his successor. He expects to devote his attention to business. He was engaged in the practice

HENRY. L. STIMSON.

of law when President Taft appointed him secretary of war in March, 1909.

He is the second member of Mr. Taft's cabinet to retire to private life, Secretary of the Interior Ballinger having severed his connection with the president's official family only a few months ago.

Job for Millington.

Coincident with the announcement of Mr. Dickinson's retirement came that of the appointment of C. S. Millington of Herkimer, N. Y., to be assistant treasurer of the United States in New York. Mr. Stimson was the Roosevelt candidate for governor, while Mr. Millington was a former member of the house from the Twenty-seventh New York district and is a close friend of Vice President Sherman.

In the two appointments official Washington found food for speculation and many politicians thought they saw therein the first step of the administration to straighten out the tangled skein of New York politics.

No effort was made by the president to conceal the satisfaction with which he viewed the appointment of Mr. Stimson.

Dickinson a Democrat.

Mr. Dickinson is a Democrat. His presence in the cabinet of a Republican president has not been looked upon with favor by some of Mr. Taft's political advisers, who were of the opinion that the office of secretary of war should be held by some one of the president's own party, and who also pointed out that Mr. Dickinson might prove a source of embarrassment when the 1912 presidential campaign begins. Naturally, Mr. Dickinson also found the discussion in the cabinet of party measures often a personal embarrassment.

There were others who thought Mr. Dickinson had incurred some criticisms by his conduct of the war office. As was pointed out recently, there have been reports of friction over the Mexican situation between the state department and the war department.

Grave Digger Dies of Heart Disease.

Columbia, Mo., May 13.—Fielding Toalson, a farmer living near here, is dead from heart disease, induced by digging the grave of a relative. Toalson returned home exhausted, but apparently in good health. A few hours later his mother found him dead in bed.

AEROPLANES ATTACK DIRIGIBLE BALLOON

Remarkable Exhibition Given by Airmen at London.

London, May 13.—The most remarkable exhibition of aviation seen in England was given under the auspices of the parliamentary aerial defense commission. Fourteen airmen, including Claude Grahame-White, Louis Bleriot, the French aviator; Robert Loraine, the author, and Captain F. S. Cody, performed various feats designed to show the utility of aeroplanes for war.

The exhibition was witnessed by Premier Asquith, A. J. Balfour, War Secretary Haldane and other high officials; the army council, admiralty and many officers of the army and navy.

J. Armstrong Drexel, who participated, had a mishap, in which he was considerably bruised and cut and his machine smashed.

A fleet of aeroplanes, armed with machine guns, attacked an army dirigible balloon. Mr. Balfour flew for several minutes with Grahame-White and when he landed, Lieutenant Sir E. H. Shackleford proposed three cheers for the opposition leader, and these were given heartily by his colleagues in the house of commons.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell of Lucama, N. SHERMAN LAW IS SUSTAINED

Demurrers of Chicago Packers Overruled by Judge Carpenter.

RULING IN BEEF TRUST CASE.

Court Holds Indictments Are Good and J. Ogden Armour and Other Packers Must Stand Trial on Charge of Violating Anti-Trust Law.

Chicago, May 13.—The demurrers of the Chicago packers in the "beef trust" case were overruled by Judge Carpenter in the United States district court.

In his ruling Judge Carpenter declared that the Sherman anti-trust law, which had been attacked by the packers, is constitutional. He also held that the indictment charging J. Ogden Armour and other packers with violating its provisions is valid.

Judge Carpenter's decision may have an indirect bearing on all anti-trust litigation in the United States in upholding the completeness and stability of the Sherman act. Of this feature the court said:

"Congress aimed effectually to prevent restraint of trade in interstate committee; it had constitutional power to accomplish this purpose by making restraint of trade criminal acts, or by empowering the United States as complainant to secure injunctions against acts which constitute restraints of trade or by both. By passing the Sherman act it did both."

Position of the Packers.

The packers had based their demurrers, in part, on an assertion that the act did not define a crime or provide legal and constitutional means of correcting the abuses it was designed to control; the decision directly denied this assumption. They also claimed that the act did not define the misdoing in terms that would enable the defendant to know in advance that such performances as it condemned were illegal. Of this the decision says:

"I am of the opinion that the supreme court of the United States has determined that sections 1, 2 and 3 of the Sherman act define with sufficient accuracy the offenses therein enumerated."

As to the stability of the indictment, Judge Carpenter said:

"I do not see how the grand jury could have made the charge more definite and believe it is sufficiently specific to satisfy the substantive law.

"The whole plan (that of the packers as alleged in the indictment) from its inception appears plainly to be one to eliminate competition as a factor in fixing prices among the three groups of defendants, beginning with the agreement not to bid against each other, and, in fact, to bid exactly the same amounts for like grades of live stock, fixing a uniform selling price and ending with fixing a uniform price of sale and an apportionment amonf themselves of the total business done.

Evidence of Monopoly Complete.

"I am of the opinion that the facts stated in the indictments show clearly a plan or scheme organized and put in operation by the defendants, the ultimate purpose of which was to control the production, sale and distribution of fresh meat throughout a large section of this country, and, as incidental to that control, to lower prices to the producer of the raw material and raise prices to the consumer of the finished product. While the facts do not disclose an absolute monopoly, yet, the large percentage of the business which they control indicates that they intended to acquire at least a successful commercial monopoly."

Judge Carpenter, overruling the demurrers, said he did not think the trial could be held before fall. May 17 the packers will appear and plead to the charges or file a petition for a bill of particulars. Government attorneys question their right to ask for such a bill after the action, but that will be decided at the session May 17.

DISARMAMENT IS A DREAM

General Wood Makes This Statement Before House Committee.

Washington, May 13.—"Disarmament of nations is a dream," declared Major General Wood, chief of staff of the United States army, before the house committee on military affairs. In opposing a change in the term of enlistment from three to five years, General Wood urged as an alternative his plan for the establishment of a permanent reserve corps of regular soldiers who have been retired after three years of service. He declared that the army should be on a stronger war basis.

With the establishment of a reserve corps there would be within call of the war department within seven years 270,000 men.

Alleged Artists Plead Guilty.

Harrisburg, Pa., May 13.—Lewis Conrad, president, and Conrad Lotz and W. M. Bingaman, officers of the Correspondence School of America of Scranton, Pa., were fined $25 each and one-third of the costs after a plea of nolle contendre in the United States court. The men had been arraigned on the charge of using the mails to defraud by representing that they sould teach art and cartooning by mail. The costs in the case will amount to about $3,000.

REBELS MENACE FIVE BIG CITIES

Revolution is Spreading Rapidly in Interior of Mexico.

CHIHUAHUA IN STATE OF SIEGE

Advance Guard of Inssurecto Army Loots Suburb—Insurrectos Also Surround Torreon, Durango and Zacatecas—Palacio Gomez Is Captured.

Chihuahua, Mex., May 13.—Two thousand insurrectos, part of the band operating in the districts south of here, are reported to be marching on Chihuahua. Already the advance guards are encamped around the city.

An armed mob just before daylight entered Nombre de Dios, a suburb, looted all the stores and took all the horses, despite the presence of 1,500 federal troops in nearby barracks, and escaped.

Santa Eulalia, an important mining camp twelve miles east of the city, has been abandoned by all the municipal officials because of the approach of the insurrectos.

The place is now regulated wholly by Americans, employed in the mines.

This city, long in dread of an attack, is now in greater fear than ever because of the extreme violence shown by the insurrectos in their northward march. The whole district, embracing Durango, Torreon and intermediate towns, has been in a state approaching anarchy.

To conceal their movements the insurrectos destroyed all the remaining telegraph and railroad lines, so that Chihuahua city, with its 55,000 inhabitants, has been isolated for practically two weeks. This dispatch is sent 225 miles overland by automobile to El Paso, Tex.

Five Large Cities Menaced.

Torreon, 25,000 people, including numerous Americans, surrounded by insurrectos estimated 2,000 in number; communication in all directions frequently cut off and inhabitants in constant fear of attack.

Laredo, three miles from Torreon, in hands of insurrectos under Pablo Lavin; condition chaos, looting and acts of violence.

Palacio Gomez, near Torreon, invaded by insurrectos without resistance.

Durango, 32,000 population, capital of state of same name, surrounded by insurrectos and in fear of attack.

Zacatecas, 33,000 population, capital of state, 250 miles south of Torreon, surrounded by insurrectos; possesses only small federal garrison.

Aguas Calientes, 56,000 population, capital of the state, described as a hotbed of revolutionists, who frequently make incursions into the town and receive encouragement from the inhabitants.

Parral, located on a branch line from Jiminez, just south of here, sent out a distress signal. Fifteen hundred insurrectos surround the town and already have captured Minas Luevas, a suburb.

Guadalupe y Cairo was entered by 700 men, who shot and killed the jefe politico, a lieutenant and several federal employees. All the stores were looted. August Beckman, an American of Luckenback, Tex., was pulled off a horse while trying to escape and was ordered executed. Several shots were fired, but he escaped after suffering a wound in the scalp and hand.

Rosario Cut Off.

Rosario, another town, has been cut off for some time and its fate at the hands of the insurrectos unknown. An appeal from there before the wire was closed said a condition of anarchy prevailed, many of the regularly constituted authorities having fled. Indé, south of Rosario, was sacked and taken after twenty people were killed.
